ROBERT M. BRIGGS, Town Clerk.

REPORT OF SCHOOL BOARD.

In making our report, there are several important points in connection with the duty of a School Committee. Economical use of public funds to the extent of meeting the best interests of education and an impartial discrimination in all details tending to complications of an unpleasant nature, but, in matters of plain duty, justice must be impartially administered. In the selection of teachers, education alone avails little without natural qualifications to shape and develop rising generations in paths of virtue and deference toward all things pertaining to the cultivation of the nobler qualities of our nature, is a failure. But with natural qualifications coupled with patience and a liking toward children, success is likely to attend the efforts of a teacher in the school-room, as well as to enlist public confidence.

The work of the committee has been attended with all fairness to the individual and public welfare. Many things enter into the duties of a committee which lead to differences in public opinion, at times difficult to adjust, and in rare instances may for a time be tabled till expedient for action. Yet in summing up the report it is with a consciousness of impartial action, and in connection thereto we add a few suggestions in sympathy with and for the interest of the public. Touching the matter of education we are of the opinion that a liberal allowance financially should be granted annually for this purpose as may be consistent with other expenses. It is urged that with

freedom from town debt and the centralizing of school money in three districts, that most efficient teachers be employed. This of course entails more expense, but in our opinion the results gained would justify the outlay. Again, more complete equipments for the school-room, such as globes, works of reference, etc. These increase the ability of the scholar to gain that knowledge otherwise tending to a diversity of speculation leading to wrong ideas. Last, but not least, a better condition of school buildings is called for. To keep things in proper condition is less expensive than repairing, only when impossible to get along without. Needed changes and repairs are in order the coming year. This is true of the Dickerson Hill school-house, and some repairs in the other districts are needed. Ventilation in the school-rooms is important, without the usual colds caused by opening windows and doors for this purpose. Every thing that conduces to health should not be lightly treated, as it bears on the ability of scholars to constantly attend school and reap the full advantages of public expenditures in their behalf.

In conformity with the vote taken last town meeting empowering the committee to use their judgment in heating arrangements for the village school, the cost of building suitable furnaces and piping the same, together with other needed expenses, will be found in the financial report, to which we respectfully refer.

VILLAGE SCHOOL.

The spring, summer, autumn and winter terms of school at the village were taught by CORA I. SARGENT, of Danbury, N. H., a graduate of the State Normal School.

Miss Sargent has verified her ability and adaptation to her calling as a successful teacher.

A thorough disciplinarian in all the details pertaining to the advancing and developing of her scholars, every effort was carried out in a most energetic and faithful manner. The

maintaining of order (necessary to success) was the foundation of good results in this school and the committee feel that they have been fortunate in securing the services of so efficient a teacher for four consecutive terms of school.

The winter term closed earlier than was intended at the beginning in consequence of la grippe and colds partially caused by insufficient means for proper ventilation. However, excellent progress in studies was made and the school a credit to both teacher and scholars.

DICKERSON HILL.

Spring term was taught by Miss EVA J. CLARK, of Danbury. Miss Clark is an experienced teacher and taught a good school.

The fall and winter terms were taught by Miss ADDIE M. DRAKE of Bristol. The winter term was badly broken up by sickness, but good progress was made in all the studies. Miss Drake labored earnestly and won the good will of all her pupils.

CENTRE DISTRICT.

The three terms in this district were taught by Miss MINA J. KELLEY, and she proved herself to be a first class teacher. The attendance the spring and fall terms was good but the winter term was not so well attended, owing to the fact that most of the scholars are young and the distance to walk.

TIOGA DISTRICT.

One term of 8 weeks taught by Miss DEETTA L. BULLOCK, of Danbury, was all the school in this district the past year, for most of the scholars came from one family which moved away. Miss Bullock was at home in the school-room and the best improvement was made.

BRISTOL AND HILL UNION SCHOOL.

The same arrangement was made with Bristol as in former years, and both terms proved to be very successful. Miss ANNIE JUDKINS taught the first term and Miss FLORA CASS the second. This town contributed \$90 toward the expense of the schools.

ROLL OF HONOR.

CENTRE.

First term. Harry L. Addison, Cora Trumbull, Sadie Trumbull.

TIOGA.

Lilis M. Phelps, Densie E. Sweatt, Minnie E. Sweatt, Frank H. Sweatt, Andrew J. Phelps.

VILLAGE.

First term. Mamie Mead, Heber Adams, Izola Cawley, Ralph W. Eaton, Russell Dearborn, Eugene C. Smith, Blanche Sargent.

Second term. Russell Dearborn, Liza Dearborn, Mamie Mead.

Third term. Ralph W. Eaton, Cora Wilson, Henry Blake, Edith Prescott.

DICKERSON.

First term. Walter C. Dickerson, Sadie H. Dickerson, Jennie L. Dickerson, Mary E. Keniston, Eva A. Keniston, Lillian B. Mason, Etta V. Simonds, Sadie Simonds.

Second term. Walter C. Dickerson, Ned A. Simonds, Florence M. Chase, Sadie H. Dickerson, Mary E. Keniston, M. Belle Mason, Lillian B. Mason, Etta V. Simonds, Sadie A. Simonds, Eva A. Keniston.

Third term. Lillian B. Mason, M. Belle Mason.

The Treasurer's report and statistical table are hereto added.
